## User Events

Note: The events that are created by the user or events that user is interested/planning to attend will be displayed on this page. He can remove certain events if the user decides to cancel it.

## Add Event Page

The screenshot shows a web browser window with the address bar displaying "http://moqups.com". The page title is "Hello 'username'". The navigation bar includes a search bar, a "My Account" button, and a "log out" button. Below the navigation bar, there is a horizontal menu with tabs: "Home/Upcoming Events", "Things to Do", "Events near You", "Calendar", "About Us", "Add Event", and "My Events". The "Add Event" tab is selected. The main content area is titled "Add Event or Import from other 3rd party". It contains a form for adding an event with the following fields: "Event Title", "Description", "Date of Event" (with a calendar icon), "Start of Event" (with a time picker), "End of Event" (with a time picker), "Location of Event", "Add Photo" (with a link to "Attachment"), "Category" (with a dropdown menu), and "Event Fee" (with a dropdown menu). There is an "Import Event" button and a dropdown menu for "Meetup, facebook". A "Create Event" button is at the bottom. On the right side, there is a "FOLLOW US" section with the text "Have twitter or instagram etc.".
